EDUCATION

Princeton University, GPA: 3.90 **exp. May 2024**

B.S.E. Mechanical and Aerospace Engineering. Minors in Computer Science and Robotics.
Relevant coursework: Mechanical Design, Automatic Controls, Solid Mechanics, Machine Learning, Fluid Dynamics, Thermodynamics, Algorithms and Data Structures

Newport High School (dual-enrolled at Bellevue College), GPA: 4.00 **Jun. 2020**

EXPERIENCE

Spacecraft Avionics Intern at **Firefly Aerospace** Cedar Park, TX **May - Aug. 2022**

- Developed software and hardware for automated testing of over 30 harnesses on the Blue Ghost lunar lander using Altium Designer and Python.
- Designed, managed production of, and tested circuit boards for Cobalt-60 radiation testing of LTC7000 chip, critical to the success of Blue Ghost avionics boards.
- Analyzed, sourced quotes, and designed harnesses for shock testing of the Blue Ghost avionics boards.
- Supported design verification testing, created block diagrams, managed inventory, soldered PCBAs, and wrote documentation for avionics procedures and best practices.

Undergraduate Research Assistant at **Space Physics Group** Princeton, NJ **Apr. 2021 - May 2022**

- Assisted Prof. David McComas in designing calibration systems for NASA flight instruments.
- Acquired laboratory skills including SIMION, data analysis, and cleanroom procedures.

Software Engineering Intern at **Arine** Remote **May 2021 - Apr. 2022**

- Developed Python algorithms and wrote unit tests to make medical recommendations for patients on Arine's medical management platform.

Test Stand Co-Lead at **Princeton Rocketry Club** Princeton, NJ **Sep. 2020 - Present**

- Designing and building a motor test stand for amateur high-power rocket motors.

SKILLS

- **CAD**: PTC Creo, Siemens NX, Fusion 360
- **Programming**: Python, Java, C++, MATLAB
- **Other**: Altium Designer, Git/GitHub, LaTeX, Microsoft Office, Jira

EXTRACURRICULARS

- Princeton Rocketry Club (Test Stand co-Lead)
- *The Daily Princetonian* (Head Photo Editor)
- Society of Women Engineers
- Badminton Club

SELECTED AWARDS & PROGRAMS

- 4x AIME Qualifier, Math Prize for Girls Qualifier
- SWE Alma Kuppinger Forman, PE scholarship (2021)
- NASA L'SPACE Proposal Writing Academy and Mission Concept Academy (2020)
- NAR Gleda Estes Scholarship (2020)
- Yale Summer Program in Astrophysics (2019)
- President's Volunteer Service Award (2019)
- NASA SEES High School Internship (2018)
- NAR High Power Rocketry Level 1 Cert. (2018)
